INTRODUCING THE METRO ONTARIO PHARMACIES LIMITED MY MEDS BY MAIL PROGRAM

Dear Doctor,

Your patient has registered for the Metro Ontario Pharmacies Limited My Meds by Mail Program. This is a convenient option whereby patients can receive 90 day supplies of their chronic medications through the mail. Turnaround times are typically between 3-5 days (10-14 days for first time use of the service). One option to expedite the turnaround is to have prescriptions faxed or called in directly from the physician's office to the My Meds by Mail program. Your ongoing co-operation in this process would be highly valued. For all new prescriptions or refill orders, simply contact the My Meds by Mail program using the telephone or fax number provided. Please note, we currently do not ship narcotics, controlled drugs or benzodiazepines. We look forward to working with you to serve the healthcare needs of our mutual patients.
